

"Our Institute, which is the oldest banking institute in the world, was founded to promote education and development for young bankers entering the profession.

With the launch of the 2025 Foundation, we have the opportunity to continue these fine aims by supporting talented young people to pursue a career in banking,

who would otherwise find it difficult due to their background or financial circumstances."

David Thorburn

Chair of the 2025 Foundation Committee

Over 35,000 members

in over 100 countries

Chartered Banker and the 2025 Foundation can offer:

- Annual funding as part of a matched-funding agreement
